Itinerary

Buenos Aires – Iguazu

Reception at Ezeiza International Airport in Buenos Aires. Transfer to Domestic Airport (Buenos Aires). Reception and transfer from Iguazú Airport the hotel.

Iguazú Falls & Big Adventure

Breakfast at the Hotel. We will do one of the most interesting excursions through the hanging bridges, which will lead us to visit the stunning Falls from the Argentine side. Then we will get to the Devil's Gorge and be dazzled by its rough waters, a nature spectacles at a height of 80 meters. In the Lower Area (Circuito Inferior) we will enjoy the rich wildlife around us, as we go

down the flight of steps where we can watch the spectacle offered by this water curtain surrounded by thick vegetation.

We will pass by Álvar Núñez Fall, from where we will enjoy the first views of the Devil's Gorge. Following the path, we will find San Martín Island and the homonymous Fall. Finally, at the end of trip we will find Bosetti and Dos Hermanas Falls. We can stay and appreciate this spectacle of waters and get refreshed since the steam from the waves breaking on the rocks will spray us completely.

We will continue our trip, this time in the Upper Area (Circuito Superior), where we will go around the same falls but from a different point of view of the Falls and their surroundings. Besides, we will get close to our next destination, the most stunning, which will guide us through the roaring of the water currents. We will get to the Devil's Gorge's station by train, and start our trip around the islands, and thus, have a wider view of this great nature "mistake" in the middle of the forest created, according to a legend, by the angry God of Iguazú River.

Big Adventure

This activity is an extra walk through the hanging bridges, and with this we will start our adventure in which we will sail up to the Canyon of Iguazú River. Then we will sail for about 2 km along the rapids enjoying a beautiful view from San Martín Island.

We will go round the island up to the homonymous fall to enjoy a great deal and get sprayed from a close distance. We will get back on off-road vehicles through the thick forest surrounding the National Park.

Iguazú Falls - Brazil

Breakfast at the Hotel. Here we will have a very beautiful trip through the only hanging bridge of 1 km to enjoy the view of Iguazú Falls from the other side, the Brazilian region. During this trip we can also learn more about the fauna and flora, enjoy a unique landscape of the falls since the area is more open regarding falls because most of them are on the Argentine side and form a water curtain of 2,700 meters wide.

So from this side we will be dazzled by the beauty of the Devil's Gorge to the full. Besides, this place is home to rare wildlife species, some of them in danger of extinction such as giant otters, anteaters, jaguars, red deer and yellow alligators. We will also see native flowers such as orchids, bromelias and thousands of butterflies.

San Ignacio Ruins and Wanda Mines

Breakfast at the Hotel. We will go round the famous Jesuitical Ruins, which were declared in 1984 as World Heritage by the UNESCO. In this trip to this magnificent place, we will enjoy the landscape and watch the different towns and plantations. These are the remains of a civilization created by Guarani people and founded in 1610 precisely by the Jesuitical people.

We will learn about building techniques, life and habits of aborigines and how they were educated in the catechism by the Jesuitical people. The remains of the 30 towns established by these people are hidden within the forests of countries like Argentina, Brazil and Paraguay. Then we will head for Wanda Mines, at 40 km from Iguazú Port, where we will enjoy the extreme beauty of these semi-precious stones such as quartz, amethyst, agate and topaz.

These are opencast mines located by Paraná River, which makes it an unforgettable landscape surrounded by plantations of pines, yerba mate, tea, etc. As we move forward through the paths, we will be dazzled by the variety of colors of these gems. An interesting fact to have in mind is

that the mine was named after a Polish princess who liked these stones. We can buy some of these beautiful precious stones as souvenirs.

Adventure Tourism in Iguazú

Breakfast at the Hotel. We will start this trip heading for Paraná River, where we will do activities such as canopy, rappel and walks, combining ecotourism and adventure tourism. In the canopy activity we will go down a tree up to other one wearing a harness; we will feel like birds flying through the typical vegetation of the Mesopotamia.

Then we will walk around forests, where we will find diverse vegetation species such as carnations of the air, orchids, among others, as well as fauna species. Then we will do rappel, and get soaked with the water from the falls. This fall is 14 meters high, but we can also choose to do this activity in dry environment through a fall of 20 meters high.

Dinner and Show

Breakfast at the Hotel. Free Day. At night, we will go to have dinner at a typical restaurant in Foz de Iguazu, where we will enjoy a varied show which will include different native dances such as malambo, tango, samba, mariachi, swing, as well as acrobatics and show. Besides, here we can enjoy a delicious dinner that includes different dishes from the most traditional to international food to suit all tastes.
