At dusk, we will go for a sighting tour to the lodge's surroundings and then come back for dinner. At night, we will enter the jungle of the Park again to see if we can watch owls, barn owls and Caprimurridos.

Yacutinga Lodge - Main and Guazú Trails

On our second day of our observation trip, we will walk around the main trail of the shelter and its marshes. At midday, we will get back for lunch at the lodge, and in the afternoon we will walk along another trail: the guazú trail, going into the Misiones Forest for many kilometers. We will be back for dinner and then we will set out again for our last jungle observation trip.

Yacutinga Lodge – Paleocauce, Guayabal and Fruit Trails – Upper Iguazú River Voyage

On our third day of bird observation, we will walk along the Paleocauce trail. Then we will enter the thick jungle taking another way: the guayabal trail up to a less thick area. We will also stroll along the Fruit trail.

In this area we will find the Main Port of Yacutinga Lodge, where we will embark on a motorboat to navigate along the Upper Iguazú River and one of its tributaries. At sunset, we will have about 800-meters walk left before getting to the lodge, walking along the San Francisco trail.

Yacutinga Lodge – Chico Méndez, Timbo y Pastura Trails – Marshes

In the morning, we will go for bird observation in the Chico Méndez and Timbo. We will get back at midday to have lunch at the lodge.

In the afternoon, we will walk along the Pastura trail to end up at dusk in the marshes area. Then we will start our journey back to the lodge.

Yacutinga Lodge / Raices Argentinas (Iguazú Port)

Very early in the morning we will set for our last bird-observation walk along the Tacuara trail. Then we will get back for lunch, and start our journey to Iguazú Port. At midday, we will come back to Raices Argentinas. Afternoon off in Iguazú Port.

Argentinian Iguazú Falls & Adventure

Breakfast at the Hotel. Tour to The Argentinian falls, visiting the Devil's Gorge and Iguazú Falls. A train that goes to the waterfalls and the Devil's Gorge leaves from Yvrá Retá . We'll walk along a 600 meter path that joins the station in Cataratas with the area that goes to the footbridges. From the lower footbridges we will be able to watch the Alvar Nuñez, Bosseti and the Dos Hermanas waterfalls and the San Martin Island. Later on we will board inflatable rafts to shoot the rapids for 2 kilometres, on Iguazú River. We will take fourwheel drive vehicles to go back through the path of Yacaratía in the jungle of Misiones.

Iguazú Falls - Brasil- Buenos Aires

Breakfast at the Hotel. Tour to the Brazilian side of the falls, a sight of splendid beauty. We'll make for Foz de Iguazú to visit the Brazilian part of the Iguazú falls and verify the saying that "the waterfalls are Argentine but the sight is Brazilian".
